

## ACKNOWLEDGMENTS

This report would not have been possible without the help and support of numerous individuals. We would especially like to thank the following individuals who helped develop the original EPA-NOAA Smart Growth Technical Assistance proposal and worked with us for many months to see the project through to completion. They include: Chris Clark, Dan Costello, Joe Farrell, John Mateyko, Bill McGowan, Jim Richmann, Fran Richmann, Battle Robinson, Glen Urquhart, and Barbara Vaughan. In addition to our Sussex County team member, Ric Kautz, we also appreciated the support provided by Councilman, Lynn Rogers, and Assistant County Administrator, Hal Godwin.

In addition to the financial support provided by the National Oceanic and Atmospheric Administration (NOAA), National Sea Grant Office and the U.S. Environmental Protection Agency (EPA), Office of Policy, Economics and Innovation, additional support was provided by the Delaware Sea Grant College Program and the University's Coastal Community Enhancement Initiative. Delaware Sea Grant is supported by NOAA, the U.S. Department of Commerce, the University of Delaware, and the state of Delaware. Delaware Sea Grant Reference: **DEL-SG-01-09**
